

2000 FACES

MEDFIELD HIGH SCHOOL

PROPERTY OF MEDFIELD HISTORICAL SOCIETY

Together we were planted
in the seed of education,
putting down roots with
friends,
growing and maturing as we
were exposed to new
things.

Who would have guessed
the flowers would be so
sweet.

Now it is time to leave the
confined garden,
blossom within the endless
fields.

grand experiences await us.

But no matter what, never
forget your roots or with
whom you share them.

BEST OF LUCK, CLASS OF
2000!

Hanging with the girls!

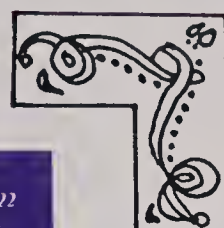

Good times with good friends.

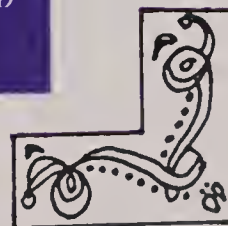

The journey has been long, but it is far from over. More challenges lie ahead. As the year 2000 begins a new century, graduation begins a new chapter in our lives. We are the faces of 2000. When we were younger it seemed as if one thing we all desired was to be older. We always wished the time away, in order to stay up later, get our license, make our own decisions and take care of ourselves. Now that we have reached this point in our lives when everything we had ever hoped for has come true, it seems overwhelming, and we yearn to regress back to our childhood. Although we find it appealing to return to the days when Mommy and Daddy made all of our decisions, the time has come for us to move on and become independent.

It is strange to imagine our future without the familiar faces of the people we have grown up with all our lives. These people, our friends and classmates, have greatly shaped who we are today. It's been a long hard road that took twelve years to travel, but in fact, the road is not ending; it's simply dividing. Now each of us must choose which path to travel. No matter what our decisions may be, somewhere along the way, we will meet again. As we close this chapter in our lives, taking with it all the memories accumulated over the past twelve years, it is time to begin a new chapter full of endless possibilities. Never lose sight of your dreams, and Good Luck!

"We all take different paths in life, but no matter where we go we take a little of each other everywhere." - Tim McGraw

GREG ABAZORIUS

I had forgotten to write my senior bio ahead of time, so I had to put down these words at the last minute. Therefore, instead of something witty, or memorable, I have written this. I deeply apologize to all of the Greg Abazorius fans out there who were looking for something funny. I planned on coming-up with all these cool catchphrases, or "sick" catchphrases for you skateboarders, but there was simply no time. Just remember me as the funniest and most intelligent person in the world. No, universe. Thank-you and God-bless.

Warrior Princesses

The Medfield Girl's Varsity team had a very successful season this year with a final record of 10-7-5. Captains Lauren Maffucci, Darcy Swain, Lauren Foran, and Katie Robinson led the Warrior Princesses to the state tournament for the third consecutive season. Their tournament ride lasted two games, losing 1-0 against Tri-Valley League foe Westwood.

Medfield had many standout players this year that earned honors throughout the league. Named to the second all-star team was Darcy Swain, Lauren Flemming, Lauren Foran, Jen Picardo, Jess Pittenger, and Diana Kearny. First team all-star honors went to Lauren Maffucci and Katie Robinson.

Commenting on the season, quad captain Lauren Maffucci said, "This season was great. We played really well despite all injuries we sustained. It helped having so many experienced players returning from last season. Everyone seemed to know what they were doing and the new players stepped up. I enjoyed this season and we all had so much fun together."

Feats of Cleats

Led by new coach, Tucker Reynolds, the boys varsity and junior varsity soccer teams had a very successful season. With Mike Sabra and Matt Sullivan as co-captains, the varsity boys produced a great record of 12 wins, 5 ties, and only 5 losses, which was a big improvement over last year. JV also had a successful record of 10-3-5. Since the varsity had such an incredible record, they made it to tournament; however they lost to Hanover in the semi-final round. The boys are very proud of their achievements this season, and the remaining underclassmen are looking forward to another exciting season next fall.

Chicks with Sticks

The Medfield girls field hockey team finished the season with a record of 4-8-4, just three points shy of qualifying for the State Tournament. However, their record was certainly an improvement over last year's. Captains Ani Altoonian and Kristen Kelleher led the Warriors to a fun and worthwhile season. Tying last year's Division I State Champs, the girls proved they could compete with the best in the league.

Pigskin Power

This year's stacked Warriors held a record of 4 and 6, with wins over Moses Brown, Medway, Ashland, and Trinity Catholic. There were some dauntingly close games throughout the season that came down to minutes, even seconds. Such was the case in the game against Millis, which was a fight to the final second. In the end however, Medfield lost to a final score of 6-7. Despite the loss, the game proved to be of their best of the season. "Five crucial plays during the season could have resulted in a 7-3 record rather than the 4 and 6 record that we worked for," remarked Dennis Rapa, a fierce Warrior linebacker.

TVL All-Stars this season include: Tri-captain Kevin Kriston, who had another amazing season offensively for the Warriors; Tri-captain J.P. Hernandez, as the teams fourth year quarterback and defensive dynamo; Nate Griffin, a junior and juggernaut of a lineman; Rich McMackin, senior, considered to many a bully on the line, and Jordan Calaguire, a sophomore who has been known to outrun lightning.

Kevin Kriston, part man, part machine, will stop at nothing to get the job done.

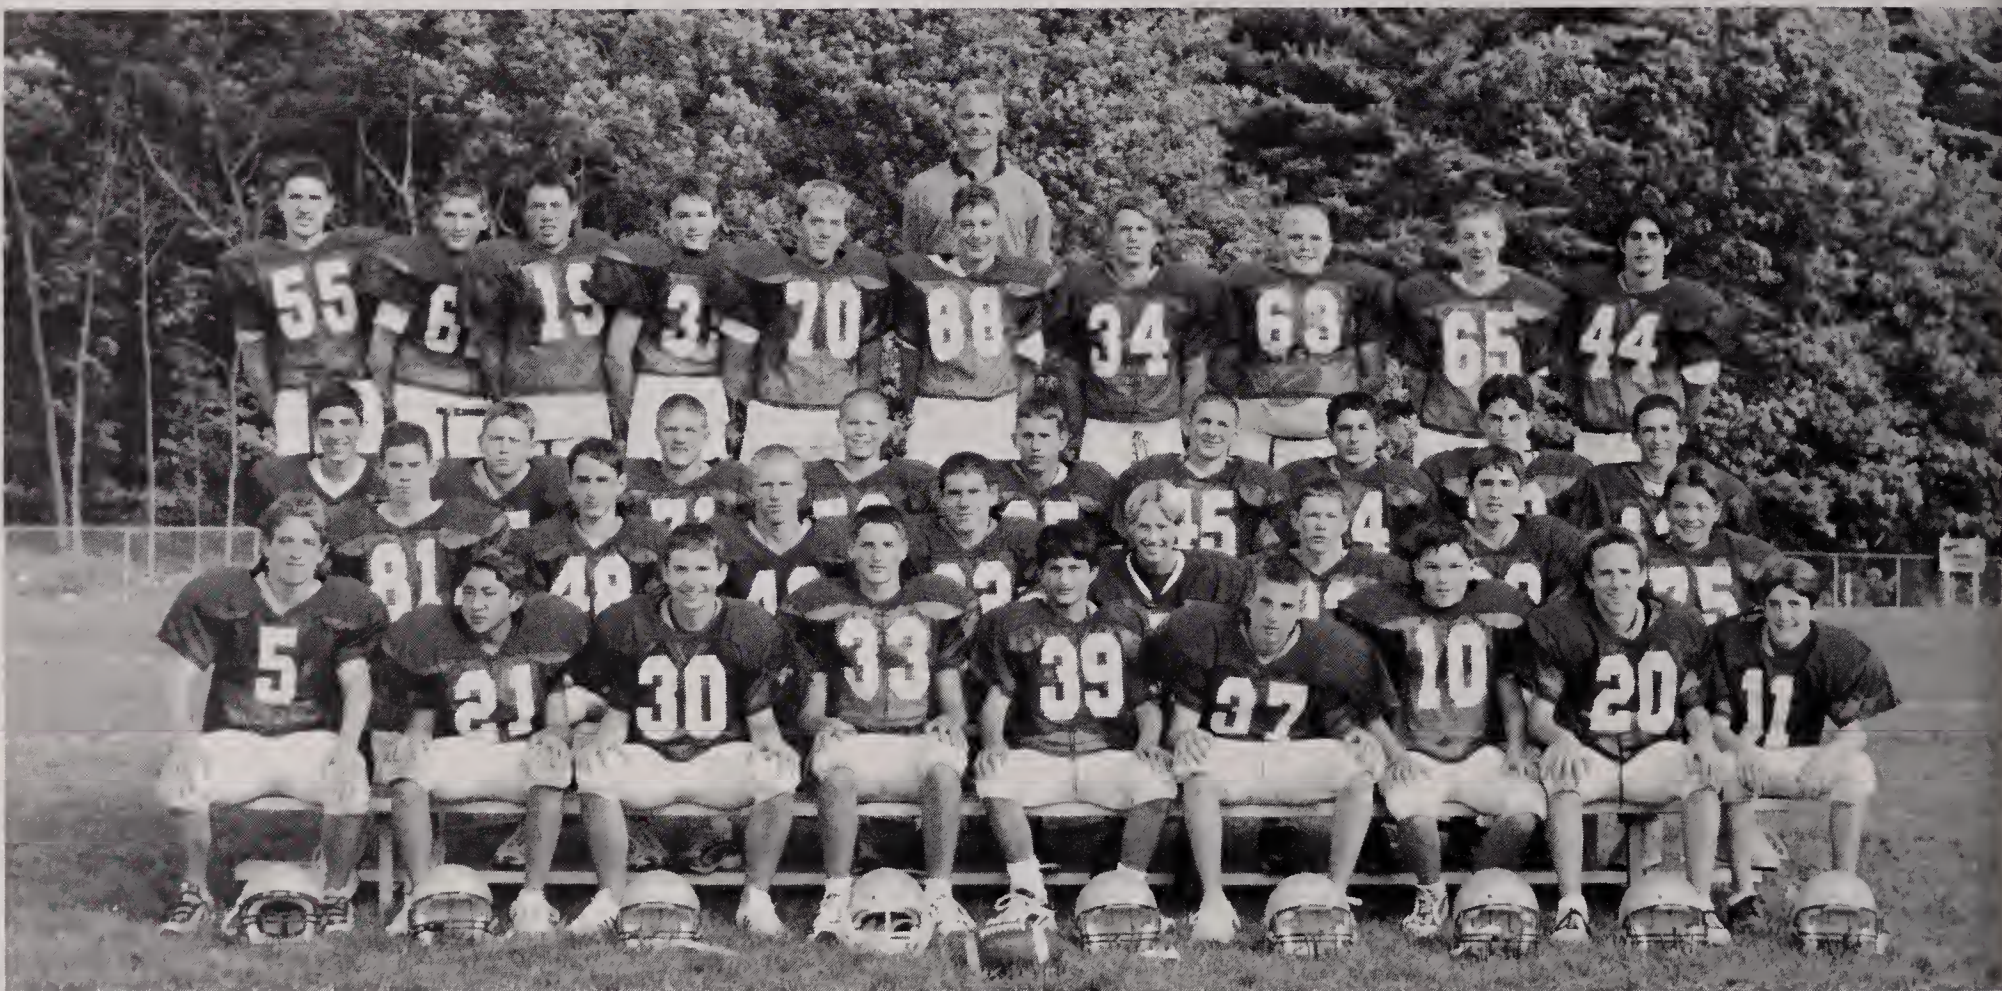

J.P. and Wilson plow through the opposition as they head for the end zone.

McMackin, large and lethal . . . yes, merciful . . . no.

Rapa puts his freakish strength and speed to work for the Warriors.

Harrier Moments

The girls' cross country team had a very successful season this year with a record of 7-0. Led by captains Kim Zaia, Lindsey Bauer, and Kate Clausen, the team regained the title of TVL Champs for the first time since 1984. The varsity team of Kim Zaia, Lindsey Bauer, Anna Petras, Lauren Burchill, Amy Bauer, Keri Connelly, and Kaitlin Anelauskas placed third in the Class D meet, sending them to the State Championships. There the girls came in 11th out of 16 teams. This season there were a few excellent individual achievements by Kim Zaia, Lindsey Bauer, Amy Bauer, and Kaitlin Anelauskas. They were all named TVL All-Stars.

The boys' teams also had a great season with a record of 5-2. Led by captains Chris Harrington, Andy Greenaway, and John Palumbo, they placed second at the league meet and seventeenth at the Class D meet. The boys also had a couple of individual achievements by Geoff Harcourt and Kevin Lang, who were also named TVL all-stars.

Volleyball Vixens

Led by Coach Hastings and senior co-captains Jaime Carroll and Christine Larson, the girls' varsity volleyball team had a very successful season. According to Christine Larson, the girls were much closer this year as friends both on and off the court. Working together as a team, they finished in second place in the TVL behind Medway, and also made it to State Tournament and the East Sectional Semi-Finals. The new freshman hitter was all-star Krista Soujanen. Chelle Bento and Christine Typadis were the new junior setters. Seniors on the team included Sara Patch, Deanna Picardi, Karen Brandolo, and the previously mentioned co-captains. The girls were sad to see the season come to an end.

“Tee” - Time

This year was the first season that the golf team has played in the fall. Although the weather was cold at the end of the season, the team toughed it out. They had a promising start and seemed to be on the road to the States, but in the end, they came up short with a final record of 6-8-5.

This year the team consisted of returning senior and team captain Eric Terwilliger and junior class member Michael Karapetian as the number one and two players respectively. Other top shooters of the season included Brian Vozzella, Adam Dwyer, Mike Sullivan, and Rich Grochmal. Two freshman on the team, Kevin Kristof and Rich Lyons, also came through for the team many times and are sure to be key players in the years to come.

Finishing up with an in league record of 11-1-2, they captured the TVL championship with ease. With impressive performances by freshman newcomer Jay Bletzer, sizzling sophomore sensation Connor Lennon, and leading point holders Matt Brown and Mike Hartery, the defensive end was held strong by Frankie Murray, Andy Kelleher and star goalie Joe Gill. "The boys worked extremely hard and played with a lot of class, which says a lot about them as individuals," sums up Coach Panciocco. Can't wait for the next winning season Coach!

Warriors sprint to a winning season

The girl's '99-'00 winter track team was led by senior tri-captains Chi-Chi Aduba, Lauren Maffucci, and Kim Zaia. Although the season had promised many victories, the team's performance was hindered by a string of unfortunate injuries. Beginning the season with the two hardest meets of the year, the girls' hopes of being TVL champs were dashed when they lost to Holliston and Hopkinton. But overall, the enthusiastic turnout of competitors made for a winning record of 3-2 and 3rd place at the Tri-Valley League meet.

Three of five starters returned, in addition the younger members of the team have stepped in and played well.

AT THREE IN THE MORNING

The clock by my bed
 blinks at a quarter to three
 and deep in the house
 drops of water drip in the sink . . .
plink plink plink . . .
 A fly buzzes behind my ear
 and I miss by a millimeter
 each time that I bat it.
 I sit at my desk,
 pen poised over paper,
 unable to write.

I struggle with words
 like I struggle with thoughts
 that won't form on my tongue.
 I search for some in my brain
 like when a sour stench
 flows from my fridge
 And I don't know what it is,
 so I pull everything out
 and I sniff at it all,
 and then everything's out
 and still there's that stench,
 and maybe it's the milk-

by Dan Parsons

I think that I find one,
 I come so damn close
 like when some slippery soap
 squirts from my hand
 again and again and again
 and I just want to wash.
 Each time words comes close-

plink
plink
plink
plink-
 another drop in the sink
 interrupts,
 like fuzzy lines cutting across
 a favorite show on TV.

I grip the pen so hard
 in my hand
 it leaves dents.
 I pull at my hair until
 the mat on my head is
 a knotty jungle of tangles.
 I kick out at the wall-
 I can't conjure up any
 words that will fit.

This group participates in many programs throughout the area such as BAGLY, an organization in Boston, and GLBT (Gay, Lesbian, Bi-sexual, and Transgender). This group watches movies about difficulties faced by people with different sexuality and attends conferences in other towns to inform others about sensitivity, awareness, acceptance, and tolerance. The Harmony club is also going to provide a presentation to the tenth grade Wellness program about such issues and have the opportunity to volunteer in the Gay Pride Parade.

Sub-free is an active drug and alcohol awareness program offered at Medfield High School advised by teacher Ms. Christine Lee. The students try to educate the school about substance use in responsible ways or not at all. Meetings are held every other week, to discuss plethora's of issues pertaining to a monthly topic. They have organized several fun activities and events educating students about substance abuse. President Dominique Semeraro states that the group "works hard to get the message across."

A number of members were able to take part in a Peer Leadership Conference hosted by the Consortium for the Prevention of Substance Abuse and held a White-out day at the school to remind students to drive safely over the Winter vacation. Dedication

Bob Kennefic

After a carefully conducted survey of the Medfield High School senior class, we unanimously voted to dedicate this yearbook to "Bubble Gum" Bob. He has been Medfield's number one fan for as long as any of us can remember. From little league baseball games and 6 v. 6 soccer games to the high school Warriors and Varsity championship games, he has always been there for us with a big smile and free gum. We would like to take this chance to thank Bob for all of his support over the years and hope that, in the future, he will continue to show his amazing devotion to our younger brothers and sisters. We'll never forget you, Bob!

Rules For Life...

1. When you say, "I love you," mean it.
2. When you say, "I'm sorry," look the person in the eye.
3. Never laugh at anyone's dreams. People who don't have dreams don't have much.
4. Love deeply and passionately. You might get hurt but it's the only way to live life completely.
5. Don't judge people by their relatives.
6. When someone asks you a question you don't want to answer, smile and ask, "Why do you want to know?"
7. Call your mom.
8. When you lose, don't lose the lesson.
9. Don't let a little dispute injure a great friendship.
10. Smile when talking on the phone. The caller will hear it in your voice.
11. Remember that silence is sometimes the best answer.
12. Trust in God, but lock your car.
13. Read between the lines.
14. Share your knowledge. It's a way to achieve immortality.
15. Never interrupt when you are being flattered.
16. Mind your own business.
17. If you make a lot of money, put it to use helping others while you are living. That is wealth's greatest satisfaction.
18. Remember that not getting what you want is sometimes a stroke of luck.
19. Approach love and cooking with reckless abandonment.
20. Never forget your best friend's birthday.

You Don't remember days,

"Friends, you and me, you brought another and then there were three. We started our group, our circle of friends, and like that circle there is no beginning or end."

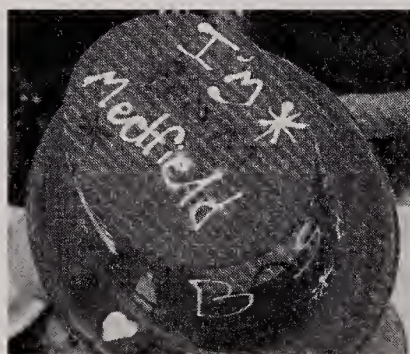

We love our ladies in red.

"Macho, macho men, we've got to be Macho men."

Senior girls show us their school spirit by building a pyramid.

Jen O'Connor and Ms. Mehlis do "the crane."

Lauren Schimdt, Katelyn Brown and Ann Martin strut their 70's outfits.

You remember moments

Good friends
are hard to
find, harder to
leave and im-
possible to
forget.

Two cone-heads having
fun!

We like our ladies in their
animal prints.

To the class of 2000:

Most of us were born in 1981 or 1982. CD's were unheard of; cassette tapes were all we knew, and we jammed to the music of Debbie Gibson, Paula Abdul, and New Kids on the Block. Vanilla Ice's "Ice Ice Baby" gave parents headaches and young boys the incentive to grow rat-tails. TV shows like *The Muppets*, *Family Ties*, and the ever popular *Punky Brewster* ruled our lives, and Atari was the game of choice. Pac Man invaded our heads and our parents' pockets and we had those bouncy balls that had the handle on the top, and you could sit on them and bounce all over the place. And let's not forget *Skip-It*, the plastic toy you swung around your foot like a hoola hoop while it counted how many times you could jump over it without messing up.

The Reagan administration came around, but all we cared about were our mini-wheels. Snack time and nap time in Kindergarten were cool, and the opposite sex still had cooties. Girls fought over *My Little Ponies*, *Barbies*, and *Cabbage Patch Kids* while boys were more into *Transformers*, *He-Man*, and *GI Joe* (not to mention their prized b-b guns with those little rubber pullets-yeah, they hurt, too). *Candyland* and *Chutes and Ladders* brought us all back together, and back then, pretend was always fun too.

In second grade we watched as the Challenger leapt from the Earth, only to float back unexpectedly in bits and pieces moments later, devastating the nation and plunging us into a state of mourning.

Cuba was the enemy, drugs were becoming big, and Iran got on our bad side. TV rotted our brains with *Different Strokes*, *Silver Spoons*, and *The Cosby Show*. Leg warmers, bandanas, and spiked hair consumed us as we listened to Boy George and his "Culture Club," Bruce Springsteen, the Rolling Stones, Madonna, George Michael, Cyndi Lauper, and Michael Jackson.

After a while, though, the spiked look was out and BIG hair was in. Puffy bangs, chains, and jelly bracelets were the rage, and everything was "awesome" or "rad." People started buying computers like the Apple 2E. Bubble dresses were cool and the youth were following the path of rebellion. Drugs and guns were becoming more and more common, and we watched as the world discovered HIV and AIDS.

We also lived through the Bush administration. Our generation watched the Gulf War, our own small-scale version of Vietnam, come into our living rooms at night with green night images and the blazing dots flashing across the screen. We watched as older brothers and sisters went off to war, and we never thought it could happen.

Bill Clinton became the president, taking Al Gore along for the ride as VP. Rolling your jeans and wearing GUESS and ESPRIT clothes made you popular. Skinny people were beautiful, but everyone was crazy for McDonalds. We started dating more frequently, searching for the love of our lives. Girls in high schools started getting pregnant while we all started getting our licenses. We lived through all the crazy fashion flashbacks, the hair, and the environmental crisis.

We have now finally made it to our senior year and wait in eager anticipation for homecoming, proms, and most of all, graduation day. Then we will pick up our caps and gowns and all that other senior stuff that's supposed to help us remember the good ol' days, but some of the things that you will remember most cannot be put on paper. The day will finally come when you will sit there with all of the friends you have made over the years. You will look out at your family, and deep down you will know that your high school graduation is a once in a lifetime moment.

It will be the last time in your life that all of these people will be together in one place. Yeah, there will be reunions, but there is always the chance that one person won't make it back.

You will look back on your time with these people and realize that it was short-lived; that between sports, activities, SAT's, ACT's, applying to college, and all of that other good stuff, there never seemed to be to be enough time for everything that you wanted to accomplish.

They will call your name, your tassel will get turned, and you will get a piece of paper that says you are smart. Then you can say good-bye to your town, and the strangers in the halls, and it just won't be the same.

It will be different, and you'll be different. But it won't be the end. In fact, everything is just beginning because "every new beginning comes from some other beginning's end." -semisonic
